

Bhuwan Bhatt

Software Intern

Website: bhuwanbhatt0.com.np

Motivated and detail-oriented Software Developer Intern with strong programming fundamentals, project experience in full-stack web apps, and a passion for scalable system development. Eager to contribute to real-time backend systems and distribute data platforms in a collaborative environment.

EXPERIENCE

Freelance Web Designer, Developer (2019 – 2022)

Built responsive websites and web apps using JavaScript, PHP, and MySQL. Managed frontend and backend development, ensuring seamless user experience and reliable database integration for e-commerce clients.

PERSONAL PROJECTS

Visit Nepal 2020 – Web Application (2020) -JavaScript

Designed a responsive tourism web app focused on promoting Nepal with clean UI and engaging user-friendly layouts.

BigDeal E-commerce – Web Application (2023) -PHP, JavaScript, MySQL

Developed a product-focused e-commerce web app with dynamic interfaces and responsive design for improved user experience.

Notflix Video Streaming – Web Application (2024) -PHP, JavaScript

Built a streaming platform using PHP with responsive UI, seamless navigation, and a clean media browsing experience.

Chat To – Web Application (2024) -React, Firebase

Created a real-time chat application using React and Firebase with authentication and smooth, dynamic messaging features.

MINA Healthcare – Web Application (2025) -React, Firebase, AI Integration

Developed the full-stack MINA assistance app using React with AI integration for symptom checking and intuitive UI/UX with dynamic backend features for seamless, responsive user experiences.
